## Important Instructions for Proper Use

- Read and follow the label instructions on all TYLENOL® products
  - Take every 4 hours as needed
  - Do not exceed more than 5 doses in 24 hours
- Do NOT use with any other product containing acetaminophen
- Keep all medicines out of the reach of children
- Do NOT administer adult medicines to children
- Use only the dosing device that comes with a specific product

- Concentrated TYLENOL® Infants' Drops are more concentrated than Children's TYLENOL® Liquids. The Concentrated Infants' Drops have been specifically designed for use with enclosed dropper
- Children's TYLENOL® Liquids are less concentrated than Concentrated TYLENOL® Infants' Drops. The Children's TYLENOL® Liquids have been specifically designed for use with the enclosed measuring cup
- Children's TYLENOL® Meltaway Tablets are not the same concentration as Jr. Strength TYLENOL® Meltaway Tablets. Jr. TYLENOL® Meltaway Tablets contain 160mg of acetaminophen while Children's TYLENOL® Meltaway Tablets contain 80mg of acetaminophen
- If you have any questions, contact your healthcare professional or call 1-877-895-3665

*Always ask your healthcare professional which product is right for your child.*
